

EDITORIAL: Skidders - I Wonder

23/08/21

Skidders (aka Steve Skidmore) is back with a brand new single taken from the forthcoming studio album *Friends & Family Vol. 2*

“I wrote the song for my wife to appear on volume 2, but rather than wait until it's release, I wanted to publish it earlier, hence the single! But as a love song, and with my vocals, I really could not do it justice - hence the addition of Andrew James' incredible vocals. Together with the bass, mixing and mastering of the amazing Paul Hogg, although a simple song, it is one I am most proud of. I thank Andrew & Paul from the bottom of my heart and I really hope you will like it as much as I do.

Andrew James

Andrew is well known in the Cotswold area of England, and kept everyone sane during the COVID pandemic with his 'Stay Sane Sessions' performed live on Facebook and YouTube throughout shutdowns. I was honoured to record guitar for some of his songs and Andrew reciprocated with some fab keyboards on Bukechi videos. Check out our cover of Bonnie Raitt's beautiful song 'I can't make you love me' that Andrew lit up with his piano.

Paul Hogg

Paul is an amazing musician, producer, sound engineer and most of all, a lovely friend. Not only these virtues, but he also composes and publishes several genres of music under his name and also that of 'The Ox', the latter being amazing electronica and downtempo music.”
